

November 15, 2005

*In this section we will answer questions and reply to comments generically, not individually, sent to us through the one-way e-mail found in the 'Contact MDE' category. We welcome questions and comments, although no replies will represent medical advice. Furthermore, no medicines, drugs, alternative or complementary remedies that may appear in banner ads on these web-pages are suggested, recommended or endorsed by MDE. We strive to screen the ads, with only partial success. Also, we welcome offers and inquiries regarding posting paid advertisements on this web site and regarding interest in purchasing our periodic brochures. There is no question that we are doing good with this effort. We will also try to do well.*
